PARTNERSHIP BENEFITS

1. Engagement at Annual Conference

APCERT's annual conference offers corporate partners' visibility through promotional booths, sponsorship, and speaking slots, while fostering networking with key stakeholders in the region.

2. Collaboration, Influence, and Advocacy

Partnerships with APCERT enable collaborative projects opportunities, exploring in cybersecurity tailored to regional needs, and influence on cybersecurity policies, enhancing trusted relation together.

3. Threat Sharing, Incident Response Support

APCERT provides a platform for early threat warnings and rapid response, empowering corporations to defend against cyber attacks.

MISSION STATEMENT

APCERT will maintain a trusted contact network of computer security experts in the Asia Pacific region to improve the region's awareness and competency in relation to computer security incidents through:

Enhancing Asia Pacific regional and international cooperation on information security;

Jointly developing measures to deal with large-scale or regional network security incidents;

Facilitating information sharing and technology exchange, including information security, computer virus and malicious code among its members;

Promoting collaborative research and development on subjects of interest to its members;

Assisting other CERTs and CSIRTs in the region to conduct efficient and effective computer emergency response;

Providing inputs and/or recommendations to help address legal issues related to information security and emergency response across regional boundaries.

[Operational Member's Economies]

OUR VALUES

Community

APCERT serves as a distinctive cybersecurity community, comprising national CERTs across the broader Asia-Pacific Region.

Collaboration

APCERT functions as a networking platform for national-level incident response initiatives.

Trust

APCERT operates as a trust-based collaboration platform, maintaining a "value-neutral" stance.
